

## M·A·N Family Wines Warrelwind Sauvignon Blanc 2024

*Our Sauvignon Blanc is produced from higher, cooler vineyards in the Cape. Warrelwind (whirlwinds) are common in the vineyards throughout summer. The seasonal winds cool the grapes and turn the windmills dotting the landscape.*

### WINE DESCRIPTION

Our Sauvignon Blanc is well-balanced, with an abundance of flavors from the Sauvignon Blanc spectrum that appeals to a wide audience. Refreshing herbaceous flavors are gently tempered by bright tropical fruits, making for a palate pleasing and versatile wine.

COLOR: Pale straw, light green tinge.

AROMA: Bouquet of tropical fruit.

PALATE: Passionfruit, pineapple, and ripe tropical flavors.

BODY: Crisp, well-integrated acidity is balanced by richness from the touch of Semillon used in blending, resulting in a well-rounded and creamy mouthfeel.

### TECHNICAL DETAILS:

Blend: 91% Sauvignon Blanc, 9% Semillon

Grape Source: Cape Coast (65% Paarl , 35% Elgin)

Alc: 13.5%

RS: 3.8

TA: 6.2

pH: 3.40

### VINTAGE

The MAN vineyards looked absolutely fantastic throughout the growing season, with full rich green canopies. Yields were relatively low this year. The quality, though, was overall high.

### VINEYARDS

Grapes are primarily from the Agter-Paarl region, blended with a cooler climate component from Elgin.

### WINEMAKING:

Harvesting takes place over several weeks, as specific Sauvignon Blanc vineyard blocks are harvested at different ripeness levels to ensure an optimum range of flavours. Reductive winemaking ( minimal air I oxygen contact) preserves freshness and fruitiness, while 3 months maturation on the lees gives additional complexity and integration. The wine was fined and filtered before bottling.

### SUSTAINABILITY & PRODUCTION

Integrated Production of Wine (IPW) Certified.

This wine is vegan friendly.
